

**NEW**

# EAZYDIVE

**LOW PRESSURE SCUBA DIVING KIT,  
UP TO 60 MINUTES OF DIVING**

**Shallow water diving, simple, eazy and cheap :**

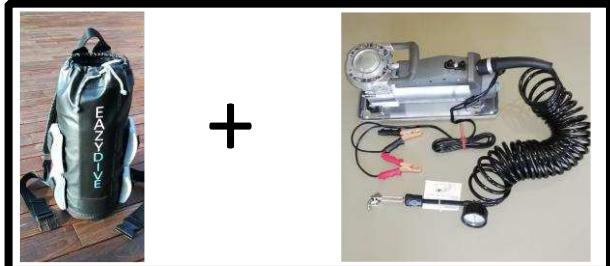

- For boaters
- For beginners to diving

# EAZYDIVE

Offers you **THREE** possibilities :

**Scuba diving :**  
**duration = 5 mn**

**Hookah diving : duration = 60 mn**  
**With or without the tank**

**Inflation by the compressor ...**

**... On the on-board battery in 5 mn**

**Continuous supply in air by the compressor in board ...**

**... through a 20 m long pipe**

## AVANTAGES

- Recharges with a small lightweight compressor, connected to the terminals of a boat or car battery. Free and unlimited recharging in 5 minutes.
- Working in low pressure ( $\leq 12$  bars), EAZYDIVE is not subject to periodic inspections or regulatory re-tests of diving cylinders.
- The diver continuously check the pressure on a remote pressure gauge.
- Stainless steel bottle, equipped with a pressure gauge, overpressure valve and shut-off valve.
- In hookah version, can be used with or without the tank. With the tank, disconnecting and reconnecting the hose underwater is possible for an incursion.
- Supplied in a custom made backpack that contains the cylinder, regulator, remote pressure gauge and ballast seal hooks.
- Zero weight in water, with an additional weight of 8 kg.

**- The cheapest scuba diving kit in the world.**

## CERTIFICATION

**EAZYDIVE** is tested at 27 bar, almost three times its operating pressure. It complies with the European standard EN 250 and is marked **CE**
